

JobStart is excited to have recently connected with the employment team at **@HomesFirstTO**, as we work towards ensuring the homeless people they serve across the city are job ready and employed. Many of the clients Homes First serves are navigating the job market while also dealing with some form of mental illness; the **Employment Accessibility Program (EAS)** at JobStart focuses on just that! Through group and one-on-one customized employment support, job searching & developing, and retention services once employed, we ensure our clients are successful employees regardless of the personal circumstances they may encounter. To find out more about our employment services for persons with disabilities, or to connect your agency with our effective employment supports, reach out to **Jonathan John – j.john@jobstartworks.org or 416-253-2729 ext. 5745**. If you're an employer looking to diversify your workforce with our job-ready clients, get in touch with us.
